Overscheduled?

Watch everything you want, when you want to.

If you're a TV lover, DVR (Digital Video Recorder) is a dream come true. For just a few dollars each month, DVR gives you incredible control over your digital cable viewing.

You can watch one show while recording another or record two shows at once. You can automatically find, record and store your favorite show every time it airs. You can even pause and rewind live TV.

DVR is built right into your digital cable box. So you don't have to add extra equipment like you do with other digital recording options.

Take control of your TV.

- ▶ Record, pause, slow-mo and instant-replay live broadcasts.
- ▶ Watch one show while you record another, or record two at once.
- ▶ Create a library of your favorite shows, movies or sports – unlike VCR recordings, the picture and sound stay clear and sharp.
- ▶ Search and record based on show names, channel, actor names and more.
- ▶ Watch in any room you have digital cable, or send shows over the Internet.

Plus, there are no big upfront costs or contracts with DVR. It's the easiest, most affordable way to program your own personal TV channel.

Tune in now!
